Return Engagement-Harry Turtledove 2004-08-03 "[Harry Turtledove] handles his huge cast with admirable skill. The insights into racial politics elevate this novel to a status above mere entertainment, although it provides that aplenty."—Publishers Weekly It's 1941, and an alliance of peace holds in check the most powerful nations of the world—but it is an uneasy peace. Japan dominates the Pacific, the Russian tsar rules Alaska, and England, under Winston Churchill, chafes for a return to its former glory. Behind this façade of world order, America is a bomb waiting to explode. Jake Featherston, the megalomaniacal leader of the Confederate States of America, is just the man to light the fuse. Opposite him is Al Smith, a Socialist U.S. president in the Philadelphia White House. Smith is a living symbol of hope for a nation that has been through the hell of war and depression. Featherston and his Freedom Party are determined to conquer their Northern neighbor at any cost. After crushing a Negro rebellion in his own nation, Featherston sends Confederate army planes to attack Philadelphia. In the aftermath of the CSA blitzkrieg, the war machine spins a vortex of destruction, betrayal, and fury that no one—not even Jake Featherston himself—can control. "Turtledove plays heady games with actual history, scattering object lessons and bitter ironies along the way. [Return Engagement features] strong, complex characters against a sweeping alt-historical background."—Kirkus Reviews "Another absorbing installment of [Turtledove's] character-centered alternate-history saga."—Booklist

Religion and Conflict Resolution-Megan Shore 2016-04-08 This book examines the ambiguous role that Christianity played in South Africa's Truth and Reconciliation Commission (TRC). It has two objectives: to analyse the role Christianity played in the TRC and to highlight certain consequences that may be instructive to future international conflict resolution processes. Religion and conflict resolution is an area of significant importance. Ongoing conflicts involving Palestinians and Israelis, Muslims and Hindus, and even radical Islamic jihadists and Western countries have heightened the

awareness of the potential power of religion to fuel conflict. Yet these religious traditions also promote peace and respect for others as key components in doing justice. Examining the potential role religion can play in generating peace and justice, specifically Christianity in South Africa's TRC, is of utmost importance as religiously inspired violence continues to occur. This book highlights the importance of accounting for religion in international conflict resolution.
